

Spring Forth Joy

Spring forth joy. The sparkle in your eyes. Bring forth happiness. That lives within your smile.

Won't you spring forth joy. For passion is your way. Rush on merriment. As laughter runs a way.

See the spirit in you shine. Through a troubled phase. Proud to be your friend. Deep as your beauty lies.

Spring forth joy. & Grace a new born day. Seize a grip on hope and dreams. Don't let them slip away.
